Independent Auditor's Report

**Board of Directors
Citizens for Pennsylvania's Future**

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the Citizens for Pennsylvania's Future (PennFuture), which comprise the statements of financial position as of June 30, 2025 and 2024, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the PennFuture as of June 30, 2025 and 2024, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the PennFuture, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the PennFuture's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the PennFuture's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the PennFuture's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

CITIZENS FOR PENNSYLVANIA'S FUTURE

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

1. Summary of Significant Accounting Policies

This summary of significant accounting policies of Citizens for Pennsylvania's Future (PennFuture) is presented to assist in understanding the organization's financial statements. The financial statements and notes are the representations of the organization's management, who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of these financial statements.

Nature of Activities

PennFuture is a non-profit organization that engages in multi-faceted activities designed to help Pennsylvanians protect their natural resources while preserving their economic security. PennFuture advances its mission by providing citizens, organizations, and members with education, technical assistance, and legal representation. PennFuture is committed to furnish leadership, information, and technical assistance to enable government, businesses, nonprofit organizations, community groups, and individuals to develop an environmentally sensitive and prosperous economy. PennFuture's revenue comes primarily from grants and contributions.

Basis of Accounting

Assets, liabilities, revenues, and expenses are recognized on the accrual basis of accounting.

Financial Statement Presentation

Net assets, revenue, and releases from restriction are classified based on the existence or absence of donor restrictions. Accordingly, the net assets of PennFuture and the changes therein are classified and reported in two categories of net assets. The two categories are differentiated as follows:

Without Donor Restrictions - Net assets without donor restrictions consist of assets that can be used at the discretion of PennFuture to support operations.

With Donor Restrictions – Net assets with donor restrictions consist of assets that are restricted by a donor to be used for a specific purpose or in a future period. Some donor-imposed restrictions are temporary in nature, and the restriction will expire when the resources are used in accordance with donor's instructions, or when the stipulated time has passed. Other donor-imposed restrictions on net assets are permanent in

CITIZENS FOR PENNSYLVANIA'S FUTURE

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

nature. These net assets have been restricted by donors to be maintained in perpetuity. As of June 30, 2025 and 2024, PennFuture did not have any net assets with donor restrictions that were permanent in nature.

Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions when not donor restricted. Expirations of net assets with donor restrictions that are temporary in nature (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions. Temporarily restricted revenues received and released in the same year are reported as increases in net assets with donor restrictions that are temporary in nature.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For the purposes of the Statements of Cash Flows, PennFuture considers all checking, savings and money market accounts held in financial institutions to be cash and cash equivalents.

Grants Receivables

Grants receivables are due in less than one year.

PennFuture provides for uncollectible grants using the allowance method, which is based on management's judgment concerning historical collectability and analysis of individual grants. Past due grants are individually analyzed for collectability and written off when all efforts at collection have been exhausted. As of June 30, 2025 and 2024, there was no allowance for uncollectible grant receivables.

CITIZENS FOR PENNSYLVANIA'S FUTURE

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

Investments

Investments are stated at fair value. Quoted market prices in active markets for identical assets were used as fair value when available. Investments held in common stocks, equity mutual funds, bond mutual funds, and exchange traded funds are valued at the daily closing price as reported by the asset. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities could occur in the near term and that such changes could materially affect the amounts reported in the Statements of Financial Position.

Fair Value Measurements

PennFuture has categorized its investments based on the fair value hierarchy. Fair values for Level 1 investments are determined by reference to quoted market prices and other relevant information generated by market transactions. Level 1 investments held by PennFuture include common stocks, equity mutual funds, bond mutual funds, and exchange traded funds.

Investments whose values are based on quoted prices in markets that are not active, or model inputs that are observable either directly or indirectly for substantially the full term of the asset, are classified within Level 2. PennFuture has no Level 2 investments.

Investments whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement are classified within Level 3. PennFuture has no Level 3 investments.

Property and Equipment

Property and equipment are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets ranging from five to forty years. PennFuture capitalizes all assets in excess of \$1,000 with a useful life extending beyond one year.

CITIZENS FOR PENNSYLVANIA'S FUTURE

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

Compensated Absences

Full-time employees earn paid leave based on length of service. For the year ended June 30, 2025 and 2024, employees may carry over no more than 40 hours of paid leave from one anniversary date to the next. An employee separated from employment will be paid for earned unused leave. As of June 30, 2025 and 2024, PennFuture accrued \$73,387 and \$58,891, respectively, in compensated absences.

Grants and Contributions

Grants and contributions received are evaluated using the decision tree in the Accounting Standards Codification (ASC) 958-605-55-1A to determine the applicable accounting model. Most of the grants and contributions received by PennFuture are considered to be non-exchange transactions.

A decision tree is also used to determine whether grants and contributions received are conditional or unconditional. Both barriers and right of return/release need to exist in order to designate a contribution as conditional. Once designated, the revenue is recognized when the conditions are met.

Unconditional grants and contributions are recorded as those with donor restrictions or without donor restrictions depending on the existence of donor-imposed restrictions, typically limiting purpose or timing of the grant or contribution.

At June 30, 2025 and 2024, \$0 and \$0, of conditional grants were awarded to PennFuture for which cash has not been received, and barriers have not been met at year end, respectively.

Leases

PennFuture determines if an arrangement is a lease at inception. Operating leases are included in right-of-use (ROU) assets – operating and lease liability – operating, and finance leases are included in ROU assets – financing and lease liability – financing in the balance sheet. ROU assets represent PennFuture's right to use an underlying asset for the lease term and lease liabilities represent PennFuture's obligation to make lease payments arising from the lease. ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. Lease terms may include options to extend or terminate the lease when it is reasonably certain that PennFuture will exercise that option. Lease expense is recognized on a straight-line basis over the lease term.

CITIZENS FOR PENNSYLVANIA'S FUTURE

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED JUNE 30, 2025 AND 2024

PennFuture has elected to recognize payments for short-term leases with a lease term of 12 months or less as expense as incurred and these leases are not included as lease liabilities or right of use assets on the balance sheet. The individual lease contracts do not provide information about the discount rate implicit in the lease. Therefore, PennFuture has elected to use a risk-free discount rate determined using a period comparable with that of the lease term for computing the present value of all lease liabilities.

PennFuture has elected not to separate non-lease components from lease components and instead accounts for each separate lease component and the non-lease component as a single lease component.

Revenue and Revenue Recognition

Membership Dues and Deferred Revenue - PennFuture receives membership fees from various sources that are not deemed to be contributions. Members receive the organization's e-publications, action alerts, and invitations to events, as well as the annual report and newsletter. PennFuture recognizes the membership dues ratably over the membership period. The membership fees revenue received for future periods has been recorded as deferred revenue.

Special Events – PennFuture records special events revenue equal to the fair value of direct benefits to donors and contribution income for the excess received when the event takes place.

Rental Income – PennFuture recognizes rental income when the performance obligations of providing space for the tenants are satisfied.

Other Income – PennFuture receives revenue for payment of legal services and reimbursement of shared service expenses.

Legal Income

PennFuture's law staff serves as a watchdog over regulatory agencies, filing comments and action letters to guarantee that Pennsylvania's environment and public health are protected to the fullest extent of the law. PennFuture also files court actions to force polluters to comply with the law. Should PennFuture win the case, the organization will recognize legal fee income in the year the case was settled, which helps to cover the costs of the attorneys' fees related to the cases.

Functional Expenses

Directly identifiable expenses are charged to programs and supporting activities. Expenses related to more than one function are charged to programs and supporting services using an allocation based on employee time spent between program and supporting activities. Program expenses constitute those related to providing citizens, organizations, and members with education, technical assistance, and legal representation. Administrative expenses constitute fees and activities that are not identifiable with a single program, fundraising activity, or operational activity, but that are indispensable to the conduct of those activities and to PennFuture's existence. Fundraising expenses are those which are directly related to the development function at the organization.

Income Taxes

PennFuture qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and, therefore, has no provision for federal or state income taxes. In addition, PennFuture qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation. PennFuture follows the income tax standard for uncertain tax positions. The application of this standard has no impact on PennFuture's financial statements. PennFuture's informational tax returns are subject to review and examination by federal, state, and local authorities generally for three years after they are filed. PennFuture is not aware of any activities that would jeopardize its tax-exempt status. Further, PennFuture annually files a Form 990.

Subsequent Events

Subsequent events have been evaluated through the Independent Auditor's Report date, which is the date the financial statements were available to be issued.

2. Liquidity and Availability

PennFuture considers all expenditures related to its ongoing program activities, as well as the administrative and general expenditures required to support these activities, to be general operating expenditures. Historically, PennFuture receives a majority of support for operating expenditures from grants and contributions without donor restrictions and grants and contributions with donor restrictions. PennFuture also receives rental income. PennFuture regularly monitors liquidity required to meet its operating needs and other

contractual commitments, while also striving to maximize the investment of its available funds.

In addition to financial assets available to meet general expenditures over the next 12 months, PennFuture strives to operate with a balanced budget and in typical years anticipates collecting sufficient revenue to cover general expenditures. PennFuture also maintains a \$200,000 line of credit with Fulton Bank to manage operating expenses.

The following represents PennFuture's financial assets at June 30:

| | 2025 | 2024 |

11. Economic Dependency

PennFuture is dependent upon grants from various foundations to fund program expenses. For the years ended June 30, 2025 and 2024, PennFuture received 48% and 50%, respectively, from three granting agencies. Discontinuation of, or reductions of such grants would force the curtailment of many program services.

12. Contingency

Under the terms of an agreement between PaceControls, LLC and two individuals, PennFuture has a right to receive a licensing fee of \$150,000 and a consulting fee of \$30,000 plus simple interest from May 2007 at 8% per annum. Payment is contingent upon PaceControls, LLC achieving certain levels of capital funding as outlined in the terms of the agreement, such as full funding of a working capital reserve equal to six months of operating expenses and payment of principal and interest on outstanding notes. PaceControls, LLC did not achieve those levels of capital funding for the years ended June 30, 2025 and 2024.
